

DO YOU QUALIFY FOR ZERO RATED VAT..?

For an ES sufferer to be zero rated for VAT, two criteria need to be met.

- The manufacturer must state that the product supplied is designed SOLELY for alleviating the symptoms of electro sensitivity, therefore improving the quality of life of a disabled person.
- The ES sufferer must quantify their own disability as “a physical or mental impairment which has a long-term and substantial adverse effect upon his/her ability to carry out everyday activities” and for this purpose, we have published a downloadable form on-line or for those of you who are not able to use a computer, we will send a copy out to you in the post.

Once we are in receipt of this completed and signed document, our bed canopies and under bed protection will be supplied to ES sufferers free from VAT.

We are also under special circumstances considering stage payments for people known to us or to our friends.

We have investigated and undertaken these initiatives to try to help those in need and those who have supported our business over the last five years and helped get us into a position where we feel able to do this. Please feel free to take advantage of these offers and to forward them on to your friends that are suffering for their benefit.
